SIR,

With reference to Order No.8911-2 L.R.85-92 dated 3rd. November 1894 I have the honour to inform you that what is called the Municipal English School at Shimoga is a Government School and has never been a Municipal School in any sense of the term. It was formed of the classes below the III form of the Shimoga College some years ago. The Shimoga Municipality though it is at the headquarters of a District has never contributed anything to the cost of English or Primary Instruction. I intend to make a reference to Government shortly on this subject.

2. The want of a large house for the middle schools of Shimoga has long been felt. The Municipal Board has agreed to pay half the cost estimated at Rs.1200 of acquiring a suitable site which has been selected with great care after full inquries and personal inspection. The other half of the cost of the site has been sanctioned by government from the Provincial funds. Government has also been pleased to sanction the cost of the building. Under these circumstances I request that you will be good enough to publish the statement of lands required for the school in the official gazette at your earliest convenience, as I am desirous of utilising the provision [illegible] by Government

year's budget of a part of the cost of the building. The statement of lands is herewith returned.

I have the honour to be,

SIR,

With reference to Order No $\frac{11177-8}{LF\ 85-92}$ dated 22nd January 1895, I have the honour to inform you that the Shimoga English School ought to have been maintained by the Shimoga municipality from the date of its establishment about the year 1885 to 1st July 1894 on which date all municipal English schools were taken over by Government. The municipal Board of Shimoga repeatedly promised to maintain the School, but failed to do so. When the question of providing a commodious school building for some of the middle schools of Shimoga was discussed during the last two years, the municipal Board at Shimoga at a special meeting held on the 30th August 1894 passed the following Resolution: "That the place now covered by the Chalvadee's Street by the

left side of the road leading to the public offices including the vacant municipal site and measuring about 110 × 125 yards is the best available site for the purpose. The houses on the site should be acquired paying fair compensation to the owners providing them with convenient ground to build their houses on, the cost being equally divided between the municipality and the Education Department."

The above resolution was communicated to me by the Deputy Commissioner of Shimoga in Docket No 254/6 dated 9th September 1894, and duly placed before the Dewan who sanctioned half the cost of the site from the Educational Budget. I thereupon asked the Deputy Commissioner to provide the other half of the cost in the municipal Budget for 1894-95.

the promise made by the Board in their Resolution 8/30th August 93, referred to, was under a mistake of fact and prior to 1st July 94. The School was never maintained by the Municipality and even the nominal connection it had with the Municipality ceased subsequent to the date of the Resolution of the Board, and with it the liability to contribute towards the cost of the building, if any, ceased.
